Davis & Dow—Great Jazz Divas

Before Beyonce, Madonna, and Britney. Before American Pop-culture took on a life of its own and became a conglomerate, there was the century of invention, economic struggle and the pursuit of equality.

We have come a long way, too far to forget our past, our heritage. These women paved the way for aspiring singers and musicians and artists.

Experience an unforgettable tribute to the great female singers of the golden era of jazz. Great Jazz Divas is a vibrant way to celebrate women, music, and history. Featuring masterful performances by Julie Davis and Kelly Dow of well-loved standards made famous by jazz legends Billie Holiday, Sarah Vaughan, Ella Fitzgerald and others. The show is infused with a multi-media presentation which includes commentaries, poetry, interview sound bites, stunning costumes and slides. It's a must-see for those looking for a way to get to know these timeless performers and the historical legacy they left behind.

Because the line between influence and imitation is a thin one, the most important thing is to learn from the masters of that art, don't give up, and strive to be an individual.
